**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I feel very lucky to have my small internet provider, Sonic.net.

They are superior with privacy and security and never have had one problem with my e mail that goes through them as I have had with another provider.

They are extremely responsive to any problem that I have which is very rare.

I have bundled their internet service and their phone service which is far superior to the AT&T that I had before.

Competition to make something better is what America was built on. It is the small business owners that support this country to a great deal and as former small business owner, competition for big business keeps everyone sharper.

Sonic.net is a superior small business in our county of Sonoma.

Thank You,

Pamela Everson
